Welcome to the America's 9/11 Foundation's National Volunteer System. Your information is 'only' used to assist 'your' community in a time of need. This information will be kept secure and will not be shared with any third parties.

This can be thought of as an enhancement to the current Amber Alert System.

We can use it to directly contact people who are located within a certain radius of an incident. Incidents can be Lost or Missing Children, Natural Disasters, Catastrophic Events, Search and Rescue needs. Communications to you can be in the form of email, phone call, text message.

Your registration does not commit you to assist with any particular event. However, it does provide you with the opportunity to assist when you can.

On behalf of all First Responders and the America's 9/11 Foundation  
We Thank You
