

America's 911 Foundation

July News Letter

Welcome to Summer.

It's been a while since we have sent out a newsletter, for this I apologize.

Lots of things have been happening around our great country.

• **The 2020 ride has been canceled due to the covid-19 issues.**

- If you have registered you can move your registration to 2021 or request a refund or donate it as a 100% donation.
- Right now we cannot be sure when New York City will open and as this is a major part of the ride, thus we had no choice but to cancel it for everyone's safety.
- The 2021 Ride will happen as we remember 9/11/2001 and Support our First Responders who so bravely gave their lives and for those who do it today.

Scholarships:

- Eric and Alison created a YouTube presentation for the college scholarship winners. A direct link is on the home page of the foundation. Please share this link and get the foundation noticed supporting first responders in a positive way.
- The 2021 Scholarships - we have created a Virtual Event that everyone can participate in.
- This Virtual Event will allow you to do a ride, walk, bike, drive anything while raising for the foundation. Raise or donate \$30. to begin the VE, raise \$50 and you will receive an event shirt, raise \$75. and receive a shirt and coin.
Check out the link for more specifics.

Feeding First Responders:

- May 2nd the foundation fed the first responders in Loudoun County, We appreciate the help from all the volunteers that made this possible.

Other Items:

For those of you that want to get together (kinda like 2017).

We could arrive in Somerset PA on August 20th and support the dealership and local restaurants, spend the night. Friday morning travel to Cumberland for breakfast depart there 1030am and travel to the Prime Outlets, eat lunch at their facility and do some shopping. Then depart at 330pm and travel to Leesburg for an early dinner. Spend the night here ??

For the daring we can meet and travel to Barbs for a shopping spree and then into Hightstown for lunch and onto Linden. Doing this actually supports the cities and towns that have supported the ride over the years. Please voice your thoughts on facebook

**Supporting First
Responders Nationwide**
